

SHIVAM RAI

shivamrai83@gmail.com | +917835859262 | Faridabad(HR), India | [Github](#)

- Having **5+ years** of experience in developing enterprise applications using ReactJS, JavaScript, TypeScript, NodeJS, NestJS, using monolith and microservice Architecture.
- Hands-on experience in **Software Design, Development, Unit Testing, and Deployment** of software systems for various commercial applications with experience across the **entire SDLC**.
- Skilled **Full Stack Developer** with proficiency in both **frontend** and **server-side technologies**.
- Strong programming, analytical, debugging, and problem-solving skills.
- A team player with a strong work ethic, committed to learning and delivering quality work.
- Quick learner with a proven ability to adapt to new technologies and methodologies.

Technical Skills

Technologies	ReactJs, NodeJs, NestJs
Operating Systems	Linux
Web Server	Express
IDE	VS Code
Programming languages	Javascript and Typescript
Databases	Mongo, Postgres SQL
Tools & Utilities	Jira, Confluence, Github, Gitlab

Education

Institute Name:

B.Tech (CS). B.S Anangpuria Institute of Technology Alampur Faridabad (BTech Computer Science 2016-2020)

School Faridabad, Haryana Board:

XII (PCM). KL Mehta Dayanand Public Sr Sec School

School Faridabad, Haryana Board:

X : KL Mehta Dayanand Public Sr Sec School

Project Details

Project Title	GEFEN (Sep 2020 - Apr 2022)
Description	An Israel-based project used to sell insurance to clients and provide CRM Tools for client activity.
Team Size	15-20
Technologies	JavaScript, React, Node.js
Source Control	Github
Role & Responsibility	<ul style="list-style-type: none">• I worked on the front end and back end (with microservice architecture).• Implemented file-based plugins.• Worked on the mongo-aggregation pipeline to optimize queries.• Created a Document Microservice to handle document-related operations.

	<ul style="list-style-type: none"> Worked in an Agile environment, actively participating in sprints, stand-ups, and retrospectives to ensure efficient project delivery.
--	--

Project Title	Titan Pharma Reporting (Televox) - (Apr 2022 - Jun 2024)
Description	A US-based project used to track pharma clients and generate weekly and monthly reports based on Client data.
Team Size	4-5
Technologies	ReactJS, Redux, NodeJS, PostgreSQL, MongoDB
Source Control	GitLab
Role & Responsibility	<ul style="list-style-type: none"> Worked as a full-stack developer and implemented the web app from scratch. Collaborated directly with clients to gather requirements and provide technical solutions tailored to their business needs. Created an automation monthly with the CRM data to provide clients with updated information Worked mainly on file handling to generate reports.

Project Title	My Trade Health (Jun 2024 - *present)
Description	An India-based Project is used to help traders analyze the profits and losses by visualizing the data in the form of charts. Different brokers have also been integrated.
Team Size	4-5
Technologies	React, NestJs, Postgres, TypeORM, Docker
Source Control	Github
Role & Responsibility	<ul style="list-style-type: none"> Worked as a full-stack developer and implemented the web app from scratch (Frontend + backend). Collaborated directly with clients to gather requirements and provide technical solutions tailored to their business needs. Worked with the team, collecting their inputs and providing the solution. Worked significantly on DB functions (Procedures) to reduce API load time. Acted as a technical guide for the team, ensuring consistent adherence to coding standards and project timelines. Designed a scalable and maintainable database schema based on project requirements and industry best practices. Worked in an Agile environment, actively participating in sprints, stand-ups, and retrospectives to ensure efficient project delivery. Integrated security best practices, such as JWT and validation, to ensure the application is resistant.

Additional Details:

Total Experience 5+ years

Relevant working Experience in all the mentioned technologies, 4 years

Rate on a scale of 1<5 in the mentioned technologies – 4
